EXPERIENCE

Freelancing / *Full Stack Developer*

➢ **Full Stack Interior Designing Website**.   LIVE
  - **Developed** a full-stack interior design website using MongoDB, Express, React, and Node.js
  - **Implemented** user features to browse and explore interior design projects with interactive UI.
  - **Enabled** direct contact functionality for users to connect with the company owner for services.

PORJECTS

Chat-app/ *react js, TailwindCSS, javascript, MongoDB, Mongoose, Zustand, DaisyUi*   LIVE
  - **Developed a real-time** one-to-one application using **socket.io** ensuring a seamless and responsive user experience.
  - Implemented efficient state management with **Zustand** and designed a visually appealing UI with Tailwindcss & DaisyUi for seamless user experience.

Quick-talk / *express js, reactjs, tailwindcss, JWT, mongodb, react-query.*   LIVE
  - **Developed a full-stack web application using React, Express, MongoDB, and JWT for user authentication, enabling users to post and engage with real-time discussions**.
  - **Integrated a notification system** to alert users about likes and follows, enhancing engagement and user interaction.
  - **Implemented efficient state management** with TanStack React Query for optimized data fetching and caching,ensuring seamless user experience.

JobFound / *Next js, Typescript, Postgressql, Prisma, Tailwindcss, ShadcnUI, JWT*   LIVE
  - **Developed a job-finding platform**, "**JobFound**," enabling users to discover suitable job opportunities and connect with **startups** and companies; implemented **user and company registration, secure job posting**, and application management functionalities.
  - Utilized **Next.js, TypeScript, Prisma, and PostgreSQL with JWT authentication** to ensure secure, scalable, and seamless experiences for both job seekers and employers, providing full route protection.

E-commerce / *Next js, Typescript, ShadcnUI, PostgresSQL, Prisma, Cloudinary, redux toolkit, JWT*   LIVE
  - **Built a full-featured e-commerce platform** with an **admin panel and customer store**, enabling complete e-commerce functionalities including product listings, categories, shopping cart , and secure checkout, similar to leading platforms like Flipkart.
  - Integrated **Cloudinary for product image management, Redux Toolkit for dynamic cart functionality, and Stripe for secure payment** processing , creating a streamlined and responsive user experience.

TECHNICAL SKILLS

Languages: C++, Python, JavaScript, Typescript
Frontend: HTML, CSS, JavaScript, React js, Next js, Redux, TailwindCSS, ShadcnUI, AsternityUI
Backend: Node js, Zod, Express, Mongoose, Prisma
Database: MongoDB, Postgresql
ORM: Prisma, Drizzle
Authentication: JWT, NextAuth, Clerk
Developer Tools: Git, Github, VS Code, Postman,
DevOps: Docker, Github Actions, AWS, Cloudinary
